FUTURE FEMALES  
GREEN ECONOMY PROGRAMS

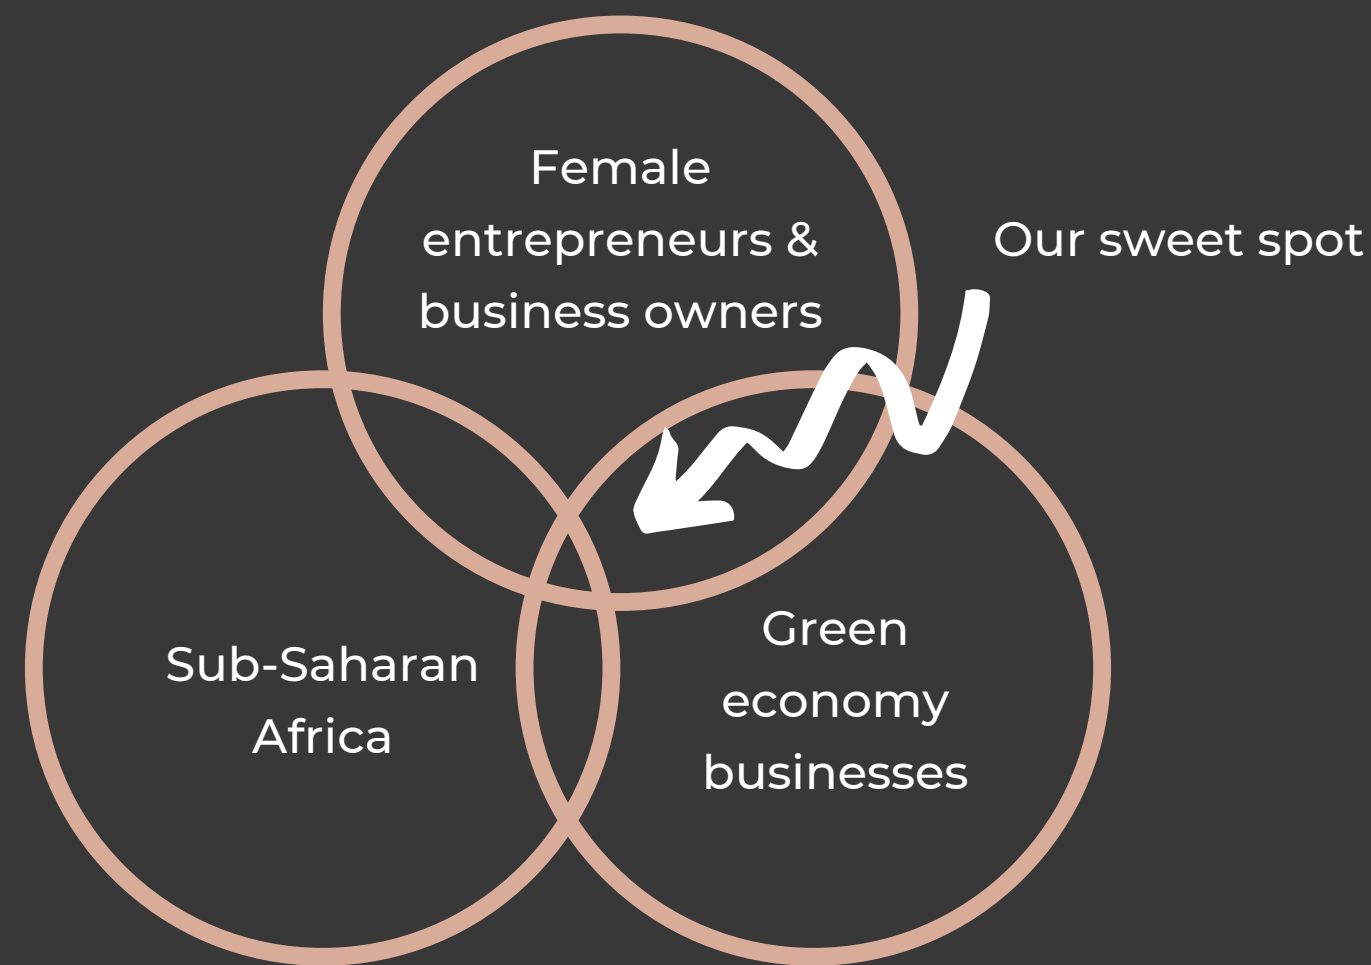

# Why We Exist

**TO INCREASE THE NUMBER OF AND SUPPORT THE SUCCESS OF FEMALE ENTREPRENEURS, GLOBALLY.**

We provide the community, education, inspiration and access to funding needed for green economy female-led entrepreneurs and SMME business owners to gain sustainable self-employment, and businesses that create jobs for their local communities.

# *Global Chapters & Ambassador Programme*

**5 YEARS. 55 CITIES. 160 AMBASSADORS. >100,000 ENTREPRENEUR MEMBERS.**

# *What are the problems we're looking to solve?*

**1**

**WITH UNEMPLOYMENT AT AN ALL TIME HIGH, WOMEN ARE BEING FORCED INTO "NECESSITY ENTREPRENEURSHIP" WITHOUT THE BUSINESS SKILLS OR GREEN ECONOMY CONTEXT TO BE SUCCESSFUL**

# *Our Core Program*

**FUTURE FEMALES BUSINESS SCHOOL IS OUR 12 WEEK VIRTUAL ACCELERATOR THAT SUPPORTS FEMALE ENTREPRENEURS, WITH A CORE FOCUS ON THOSE IN THE GREEN ECONOMY**

- Has a robust methodology comprised of training, coaching, mentoring, community & accountability forums, achieving completion rates of 80-100% on every programme
- We have now graduated over 2,300 entrepreneurs from this program, making us one of the largest accelerators in the world
- This programme focuses on driving 3 key outcomes - revenue creation, job creation and positive social & environmental impact
- Recent cohorts have seen a 219% revenue uplift as a result of this program, and a 68% increase in full-time employees hired
- Key partners include Techstars, The UK Government's International Tech Hub Network, GIZ & Startup Namibia

# Celebrating Our Members

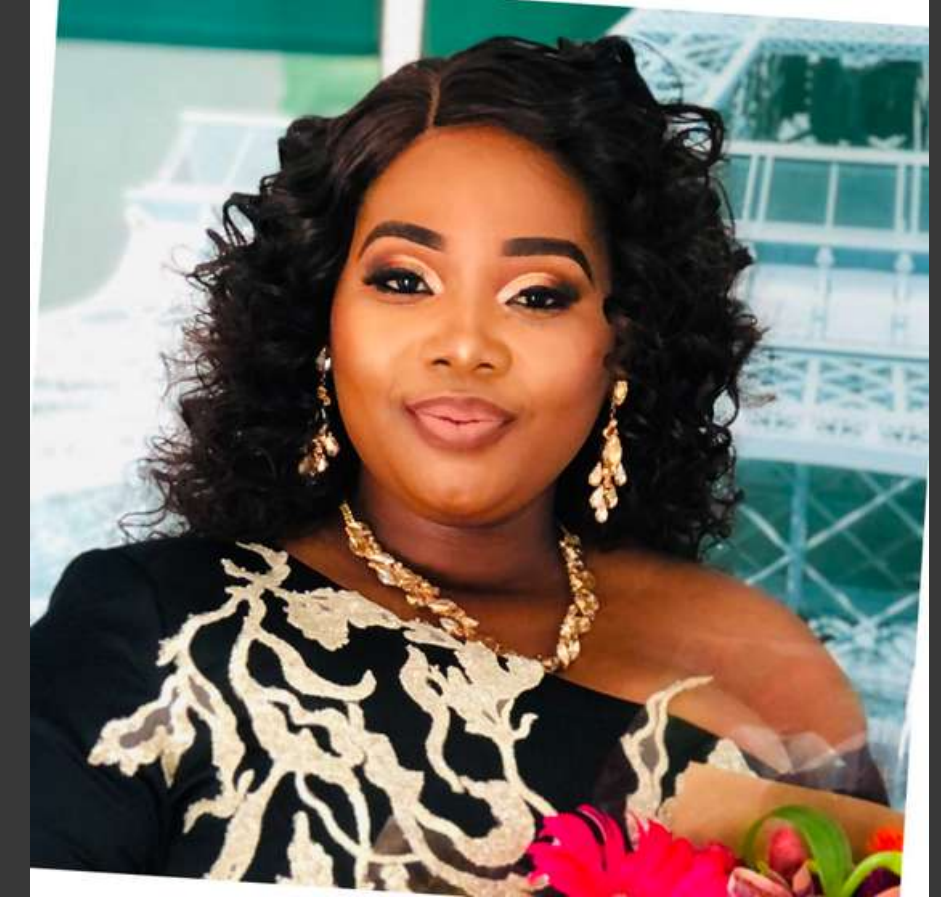

**NICOLE NELSON**  
**FOUNDER, MADE BY COCO**

Since joining Future Females, Nicole has secured a contract with SPAR for her natural cosmetics range, and has her product in 34 stores! She's now about to start trading internationally to Botswana and Portugal.

**INTISSAR BASHIR KURFI,**  
**FOUNDER, IFRIQUE ECO SOLUTIONS**

Intissar upcycles plastic waste into sustainable bricks, and through the program, ramped production to over 1,250 pieces of bricks from 625,000 pure water sachets - she has since been featured on BBC Africa.

**ZANELE NGCOBO**  
**CEO, BNK SOLAR**

Has implemented several residential and commercial solar projects, grown her team, and was recognised as 'Entrepreneur of the Year' in the 2022 Women In New Energy Leadership Awards.

# *Additional Work in the Green Economy Space*

## **COP26 'TECH FEST' WITH UK-SA TECH HUB**

A virtual summit hosted in 2021, to drive awareness and connection within the green economy space - with over 4,000 virtual attendees hearing from green entrepreneurs, funders, and key ecosystem stakeholders.

## **EXPORT TRADE PROGRAM WITH TFSA**

We are currently delivering our third cohort of our export trade program, delivering across 6 Southern African countries, including South Africa.

This program supports female-led SMMEs to become 'trade ready' and start trading their products internationally.

## **FUTUREFINANCE PROGRAM WITH ANDE & GLOBAL AFFAIRS CANADA**

A program to support female-led SMMEs to get funding ready, gain visibility of the different funding vehicles in the market, and providing 1:1 investment coach training to 'matchmake' and facilitate funding for each participant.

*Thank you!*

**OUR GOAL IS TO ACCELERATE THE SUPPORT OF FEMALE-LED MICRO, SMALL AND MEDIUM BUSINESSES IN THE GREEN ECONOMY SPACE IN SOUTH AFRICA, DRIVING RECOVERY FROM A GRASS ROOTS LEVEL, AND WE ARE LOOKING FORWARD TO DISCUSSING AND COLLABORATING WITH EACH OF YOU.**
